LAST MEETING RECAP

We loved hearing from our own Circle member, **Radia Gedawi**, owner of **Radiant Flavors Cafe** in North Seattle. Radia shared her passion for food, the inspiration behind her cafe, and her commitment to creating a unique and memorable customer experience. Celebrating the passion and accomplishments of our members is one of the things that makes The Circle so special!

We were honored to welcome **Pam Hurst**, motivational speaker, dedicated community servant, and wife of Lynnwood Mayor George Hurst, who shared an inspiring presentation on **The Power of Words**. Through an engaging interactive activity, she challenged us to look at our everyday language in a new way - especially the simple shift from "I have to" to "I get to."

OUR MEMBERS AT A GLANCE

As part of our **Circle Connection Profiles**, we invited our members to share a little about themselves - their passions, why they joined The Circle, and what they hope to accomplish over the next six months. The responses gave us a wonderful glimpse into the women who make up our community and the things that matter most to them. We discovered common themes of connection, growth, support, service, and making a difference, while also seeing the unique goals and dreams each woman brings to The Circle. This snapshot is a reflection of **your voices, your goals, and what you hope The Circle can be** - a place where we can connect, collaborate, support one another, and grow together.

What did our members tell us? They're looking for more than a networking group. They want a place to learn, build relationships, grow their businesses, support one another, and make a difference.
